

Together as one

Gerald Jungeblut & Manfred Brink

1. You need a brother,
somewhere inside.
You need a sister,
for holding you tight.
2. You need a shoulder,
so lean on me.
It doesn't matter,
what ya use to be.
3. A little baby
doesn't think 'bout black and white,
A little child
is dreaming every night.
4. That we can fly,
so far away,
up to a place,
where we can stay - forever!
5. You need a brother,
somewhere inside.
You need a sister,
for holding you tight.
6. You need a shoulder,
so lean on me.
It doesn't matter,
what ya use to be.
7. what ya use to be
what ya use to be
It doesn't matter
what ya use to be.

Refrain

We are, together as one.
Everybody, under the sun.

Refrain

We are, together as one.
Everybody, under the sun.

Bridge

Take good care, or take my hand.
Take a chance in a foreign land.

Say a word, and trust in me.
Be strong, and you gonna be free.

Refrain

We are, together as one.
Everybody, under the sun.
